Product Summary

A pale golden tone and intensive aromas are the signs of citrus fruit and maturation in wooden barrels. It has a full, but not demanding character, overwhelming neither the nose nor tongue, and making it a drink for all times and occasions. It is well balanced on the palate, with light notes of tannin, which blend well in the wine's structure. Its concentration is pleasant and gives a long finish. It can be matured further, but makes an excellent impression as it is right now.

ABV 11%

Product Description

Citrusy, full bodied, creamy
